

Thursday, 1 June 2023
Location: Erasmus Building, E2.54

09:00 - 17:30

Satellite Workshop

Metaphony: Theoretical, descriptive and typological issues

Organisers:
Michela Russo & Rachel Walker

Keynotes:
"Metaphony in Substance Free Logical Phonology"
Charles Reiss
"Constraining the scope of metaphony in southeastern peninsular Spanish"
Maria-Rosa Lloret
"Metaphony in Bolognese"
Aaron Kaplan

17:30 - 18:30

Welcome Reception & Registration
Location: The Refler, Erasmus Building

Friday, 2 June 2023
Location: Berchmanium (unless otherwise stated)

08:50 - 09:20	Registration	
09:20 - 09:30	Opening Ceremony	
09:30 - 10:30	Keynote The Perception-Production Link: Three Case Studies Andries Coetzee Chair: Amalia Anvari	
10:30 - 10:50	Variation in Production & Perception	A corpus study of naturalistic misperceptions in German sung speech <i>Jessica Nieder and Kevin Tang</i>
10:50 - 11:10		Explaining variation in three dialects of Maa, Kenya <i>Conceição Cunha, Fridah E. Kariuki and Jonathan Harrington</i>
11:10 - 11:30	Session Chair: Pilar Prieto	Selective adaptation between allophones of /r/ in German <i>Rüdiger Mitterer and Eva Reinisch</i>
11:30 - 11:50	Coffee Break (20 minutes)	
11:50 - 12:10	Articulation	Articulatory variation in ejective production: A real-time MRI study of Amharic ejective ejectives <i>Lavinia Price, Marianne Pouplier and Phil Hoole</i>
12:10 - 12:30		A new articulatory tool: Comparison of EMA and MARIYS <i>Malin Svensson Lindmark, Daniel Eriksson, Oliver Neebck, Mark Tiede and Wei-Rong Chan</i>
12:30 - 12:50		Ultrasound measurements of turn-taking in interactive question-answer sequences: Articulatory preparation in wh-yes/no but not lead to the response <i>Sara Egloff and Stephen Levstovik</i>
12:50 - 13:10		Changes in manner of articulation explained by aerodynamic factors <i>Maria-Joost Sals</i>
13:10 - 14:10	Lunch Break (60 minutes) Location: The Refler, Erasmus building	
14:10 - 14:30	Phonetic Variation	Age-dependent variation in the realization of schwa in Caucasian Piedmontese <i>Alec Gallo and Gonka Elordua</i>
14:30 - 14:50		Distal and velar fricatives in a northern Iberian Spanish variety <i>Alfonso Mella Casas, Gonka Elordua and Magdalena Romero</i>
14:50 - 15:10		A socio-phonetic study of reduced pronunciation variants in Romanian monologue speech: The case of /m/ allo <i>Oana Niculescu</i>
15:10 - 15:30		The effect of word frequency on geminate duration in Hungarian spontaneous speech <i>Tibor Nagygyörgy</i>
15:30 - 15:50	Coffee Break (20 minutes)	
15:50 - 16:10	Word-level Prosody	A corpus study of forestressing in African American English <i>Berly Kabak and Jenna Lorenzen</i>
16:10 - 16:30		Learnability of prosodic end-weight effect in Malay echo reduplication: A substantive <i>Saba Aloufi and Jian-Leah Siah</i>
16:30 - 16:50		Lexical stress may not implicate the foot <i>Gisela M. Garcia and Heather Good</i>
16:50 - 17:10	Session Chair: Marc van Oostendorp	Learning to distinguish morphological categories based on subphonemic detail? <i>David Bam-Henry and Dennis Schilling</i>

Saturday, 3 June 2023
Location: Berchmanium (unless otherwise stated)

09:00 - 10:00	Keynote Individual Variation 'is' the Wild Tamara Rathcke Chair: Lieke van Maashticht	
10:00 - 11:20	Coffee Break and Poster Session 1 (80 minutes) Chair: Na Hu	
11:20 - 11:40	Prosody & Individual Differences	The effect of musicality on RFF responses <i>Ricardo Ormigo, Jisung Kim, Stella Grylls and Amalia Anvari</i>
11:40 - 12:00		Individual differences in lexical stress in Dutch: An examination of cue weighting in production <i>Giulio Savignani, Hans Ridger Bosker and James McQueen</i>
12:00 - 12:20		Stability of individual differences in convergence across features and tasks <i>Jessamyn Schertz</i>
12:20 - 12:40	Session Chair: Martine Grice	Prosodic entrainment in mother-adolescent interaction and relationship quality <i>Margje ten Brinke, Laura Smorenburg, Susan Brays, Hugu Quené, Stella Grylls and Anja Chen</i>
12:40 - 13:40	Lunch Break (60 minutes)	
13:40 - 14:00	L2 Production & Perception	Rapid adaptation to unfamiliar lexical tone systems: The effects of dialect and explicit exposure <i>Liang Zhao and Eleanor Chodoff</i>
14:00 - 14:20		Non-native phonological perception in a bilingual community: The influence of Southern Min on perception of Mandarin fricatives <i>Caifeng Wang, Alexander Martin and Isana Chikina</i>
14:20 - 14:40		Are individual differences in crosslinguistic perceived similarity reflected in L2 vowel identification and discrimination? <i>Celia Garcia and Jan Collier</i>
14:40 - 15:00	Session Chair: Tim Lamiris	Socio-phonetic variation in the L1 and its possible effect on the L2: Does the degree of overlap between German /r/ and /r/ in English (L2)? <i>Manuel Scheichweg, Jörg Peters and Marina Frank</i>
15:00 - 16:20	Coffee Break and Poster Session 2 (80 minutes) Chair: Jisung Kim	
16:20 - 16:40	Prosody Perception	Rising shape and duration affect pitch accent categorization in South Kyrgyzstan <i>Korean</i> <i>Hyunjung Joo and Marjolijn D'Imperio</i>
16:40 - 17:00		Phrase-level prosody of Akan-Twi in spoken and whistled modalities <i>Jonathan Gbome, Andy Blachstein, Schmidt and Ocran Otoping</i>
17:00 - 17:20		Brain indices for processing rising and falling pitch: An fMRI study <i>Maria Luise, Martine Grice, Christine T. Best and Peter B. Schwaninger</i>

19:30 - 21:30

Conference dinner
Location: De Waagh restaurant, Grote Markt 26, Nijmegen

Sunday, 4 June 2023
Location: Berchmanium (unless otherwise stated)

09:00 - 10:00	Keynote Variation in phonetic and phonological L1 attrition Esther de Leeuw Chair: Mirjam Boretsma	
10:00 - 11:20	Coffee Break and Poster Session 3 (80 minutes) Chair: Riccardo Ormigo	
11:20 - 11:40	Language Acquisition & Development	Language change in Japanese-English bilingual returnees children over the course of five years: Evidence from accent-rating <i>Tim Lamiris, Miki Kubota, Tanya Kupisch, Jennifer Cabrelli, Neal Snape and Jason Rothman</i>
11:40 - 12:00		The relationship between phonological representations and coarticulation degree in developing speech <i>Dzhuma Abakarcova</i>
12:00 - 12:20		The influence of fundamental frequency on gender perception in children's voices: Results from a longitudinal study <i>Riccardo Furrer, Marlene Weirich and Ashlan P. Simpson</i>
12:20 - 12:40	Session Chair: Anja Chen	Contrastive focus production and perception in 3-5 year-old Swedish children from two regional varieties with and without categorical intonational marking of focus <i>G. Ambrus, N. Alhauw, C. Berntson, S. Lohndorf, A. S. Hensberg Romansen, S. Zayenli</i>
12:40 - 13:40	Lunch Break (60 minutes)	
13:40 - 14:00	Multimodal Prosody	The processing of prosodic prominence in German <i>Barbara Zeyer and Martina Perle</i>
14:00 - 14:20		The multimodal marking of information status in French as a foreign language: What can we learn about the use of prosodic and gestural cues in an 'Hearlanguage'? <i>Florence Bailly and Stefan Baumann</i>
14:20 - 14:40	Session Chair: Marisa Cruz	Phrase initial strengthening effects in gesture production <i>Patricia Louisa Röhrer, Elisabeth Delsis-Roussarie and Pilar Prieto</i>
14:40 - 15:00	Coffee Break (20 minutes)	
15:00 - 15:15	Closing Ceremony + Student Awards
